Accomplishments

- We have established a credible organization with participation from each of the institutions on Massachusetts who provide obstetric and neonatal care for the shared goal of improving perinatal outcomes.
- We do that with support, education, data, communication and collaboration.

Commitments for the Next Year

- Preserve participation/Increase membership
- Implement Maternal Hemorrhage Initiative
- Develop the Prematurity Prevention Program
- Support Neonatal Abstinence Project
- Explore and expand collaboration
- Secure methods for measuring and sharing results/outcomes
- Investigate additional funding sources
