

Massachusetts Perinatal Quality Collaborative

Hemorrhage/HTN/Grant Team Call Minutes

Wednesday, January 6th

Call Details

Dial in number: 866 638 1558

Conference Code: 4514607766

Participants:

Mark Manning, Jack Mourad, Fifi Diop, Bonnie Glass

Hemorrhage and HTN (Hypertension) PI Cycle:

Bonnie will send Mark a letter for NICHQ. Mark will send out an invite to 10 new institutions for the new Hemorrhage-HTN PI Cycle. Hypertension will be the focus of this PI cycle. Hospitals that have confirmed participation with Mark: Leominster, Tufts, Emerson, and Brigham and Women's Hospital. Expecting more to come on board with second wave of notifications from Mark. Institutions are locking up because of the rollout of EPIC. Fifi Diop will notify the CDC and ask for recruitment and technical assistance. Jack and Mark discussed revamping of the MPQC website, allowing for a better flow of information and toolkit information for hemorrhage and hypertension.

Spring Summit Draft Agenda:

9am - Opening remarks (Mark)

920 – 10am - Keynote PDSA Cycle: The Good, Bad and Ugly (? Sue G –IHI)

10 -1130 - Panel – Success stories from Massachusetts Hospitals (Hopefully 4 hospitals that can present – Cape Cod is already in)

1130 – 1150 Break

1150 – 1200 – MPQC/MPNQC Updates (Mark)

1200- 1250 - UNKNOWN as of yet

1 – 2p - Lunch

2pm - 245pm - Track One - Hemorrhage Group, Substance Abuse Group, Prematurity Group Meetings (Bonnie, Mark, Ron, Audra)

3pm - 345pm Track Two - Hemorrhage Group, Substance Abuse Group, Prematurity Group Meetings (Bonnie, Mark, Ron , Audra)

4pm – 415 – Closing Remarks (Mark)

Fifi Diop made a point to add the Birth Registrar survey presentation in the Agenda. Mark will add this to the agenda.

This is not a final draft.

Meeting Minutes:

Meeting minutes are a necessity and are extremely important. They provide a process measure for the QI work that MPQC is doing.

MPNQC CDC Site Visit Planning:

Keeba from the CDC will be visiting the day before the MPQC Spring Summit, On March 30th. The MPNQC Leadership will meet February 17th to plan the CDC site visit presentation as well as discuss merging the MPQC and NEOQIC collaboratives into a joint entity.

Next Steps:

Mark will contact the hospitals that have not submitted their data for the first PI cycle. Hospitals are still putting in the effort to get the data in. There will be a revamping of the MPQC logo and website. Jack will work on this, and will get the group a revised version in the next coming months. The Spring Summit Agenda will be revised to add the Birth Registrar Survey Presentation. The MPNQC Leadership will meet to discuss merging possibility and CDC Site Visit.
